

# Stay ahead of packaging EPR before it passes

**Horizon Scanning** provides early alerts and decision support while legislation is uncertain, so producers can plan before timelines tighten.

**Early alerts** when bills move  
(amendments, committee action, votes)

**Impact briefs** on likely producer obligations (PRO, reporting, fees, targets)

**Scenario planning** with decision triggers + timelines for cross-functional teams

**Executive-ready summaries** for internal alignment and resourcing decisions

We invite you to schedule a no-obligation consultation with our EPR experts; we will be glad to help you identify your potential obligations under EPR laws.
